Professional Summary

Behavioral research and data analysis professional with academic training in neuropsychology and experience in neuromarketing and AI-mediated consumer behavior. Skilled in experimental research design, statistical analysis, and behavioral data interpretation to understand consumer decision-making and digital user behavior. Adept at translating cognitive and behavioral science insights into actionable recommendations for product development, marketing strategy, and user experience research.

Skills

- Behavioral Research & Consumer Decision Science
- Quantitative Data Analysis & Statistical Testing
- Experimental Design & Behavioral Experiments
- Literature Review & Research Synthesis
- Data Cleaning, Coding & Interpretation
- Cognitive & Neuropsychological Assessment
- Analytical Reporting & Stakeholder Communication
- Critical Thinking & Structured Problem Solving

Professional Experience

Research Intern - **The Human Capital Lab, Bangalore**| July 2025 – Present
Under the guidance of Dr. Thaddeus Alfonso, PhD PDF, Project Head

- Project: The Autonomy Paradox: A Systematic Review of Custobots in Consumer Decision-Making.
- Conducted a systematic review of 100+ peer-reviewed studies examining AI-mediated consumer decision-making to identify behavioral mechanisms influencing digital purchasing behavior.
- Contributed to research conceptualization, variable operationalization, and theoretical framework development within neuromarketing and behavioral science domains.
- Synthesized complex behavioral literature into structured research insights for analytical reports and presentations.
- Assisted in research documentation, comparative model development, and interpretation of findings to support academic publication and applied research discussions.

Technical Skills

- **Statistical Analysis:** IBM SPSS Statistics, Jamovi, Tableur
- **Data Analysis:** Microsoft Excel (Advanced), Data Interpretation, Data Cleaning
- **Research Technologies:** EEG, Neurofeedback, Biofeedback, Eye Tracking
- **Productivity Tools:** Microsoft Office Suite, Google Workspace, Canva, Adobe Creative Suite

Education

- **MSc Neuropsychology** | CHRIST (Deemed to be University), Bangalore | 2024 – 2026
- **BSc (Hons) Psychology** | CHRIST (Deemed to be University), Bangalore |2021 – 2024 | 8.59 CGPA
- **Senior Secondary Education (Humanities)** | Queen Mary's School, Delhi | 2021 | 81.80 %

Research & Conferences

- **Impact of Music-Evoked Nostalgia on Cognitive Load and Emotion Regulation**, *Oral Presentation*, **1st International Conference on Clinical Neuropsychology and Cognitive Neuroscience (2026)**, National Institute of Mental Health and Neurosciences (NIMHANS), Bengaluru, Karnataka.
- **Examining the Relationship of FoMO with Need for Affiliation, Need for Achievement, and Need for Power in Young Adults in the Digital Era**, *Oral Presentation*, **2nd UG–PG National Conference (2024)**, Christ (Deemed to be University), Delhi NCR Campus.

Certificates

- **Data Analytics Job Simulation** | Jan 2026 | Deloitte
- **AI Tools Workshop (ChatGPT, Code Debug)** | Aug 2025 | Be10X
- **Montreal Cognitive Assessment (MoCA)** | Nov 2024 – Nov 2026 | MoCA Test Inc.
- **Addenbrook's Cognitive Examination (ACE-III)** | Nov 2024 | University of Glasgow

Additional Information

- **Language:** English and Hindi
- **Hobbies:** Music and Sketching
